Wine Business Magazine [May 14]

“A fruit-focused style that combines juicy black pastilles with crunchy blackcurrants and cassis, layered with varietal markers of leaf and cedar. Fine, soft tannins make for an immediately approachable style of value and appeal”.

“Chocolate, mulberry and redcurrant, some spice, vanilla, violet and seaweed. Medium bodied. Feels thick... I like that it packs a bit of structure and oomph”.

“An uncomplicated WA cabernet sauvignon with aromas of redcurrant, blackcurrant and herbs. It’s not especially regional, but it’s well balanced and soft on the finish.”
