MARGARET RIVER

EMBERS

**MARGARET RIVER
ROSÉ 2014**

Embers wines are made ready to drink on any occasion. These easy going, soft, fruit-driven styles of wine are perfect for sharing with friends and family.

They deliver classic regional and varietal distinctiveness while offering tremendous quality at a very affordable price.

Tasting notes: Pale pink in colour, this wine shows red licorice, cherry, watermelon with hints of raspberry on the nose. It has a succulent palate with fresh watermelon and raspberry flavours on the finish. This is a wonderful summer wine that should be served chilled and enjoyed with friends. Refreshing on its own, although delicious when served with fresh Asian style dishes.
