MARGARET RIVER SEMILLON 2013

Made exclusively for Familytree Wine Club members, these wines are named after people in our family trees. They are very unique wines made as a “one off” from carefully selected batches of fruit and only made in great vintages. Only available from the winery, these wines will be different from vintage to vintage and stocks are very limited.

This Semillon shows wonderful aromas of lemon and lime, with hints of herbs and grass. A delicate palate with sharp citrus and complex stone fruit flavours with a dry tight mineral finish. Served chilled and enjoy with seafood.

“This Semillon reflects my wife’s characteristics; delicate but with a sharp sense of humour, a complex thinker who is entertaining in any company. After 30 years I continue to find her refreshing company - oh, and she’s loves her seafood.”
Bob Allo - Wine Club Member

Tasting notes: Colour of pale yellow with tinge of green. This wine shows wonderful aromas of lemon and lime, with hints of herbs and grass. An elegant palate, with citrus and stone fruit flavours, lingering hay and a dry tight mineral finish. A small portion of the wine was barrel fermented in French oak, this complexes the palate with hints of spice and vanilla.

Winemaker: Cliff Royle

Cellaring: Short term cellaring of 1 - 2 years

Alcohol: 13%
